

Is Sheriff Norris a RINO?

Most people who want to win elections in Kootenai County claim to be conservative. But talk is cheap. To distinguish True Conservatives from Frauds, you need to look beyond words, to actions, associations, and finances.

The following red flags **Bring into Question Norris’s Commitment to Conservative Principles.**

- Norris supports “Community Policing,” a federal program initiated by Democrats that promotes DEI policies, “community outreach”, “crime-prevention” programs, and federal interference in local law enforcement. **Community Policing is NOT conservative.**
- Norris constantly campaigns for More Money for KCSO. He wants bigger jails, higher salaries, more benefits, more high-tech gadgets, more specialization, more community outreach. **Growing the KCSO budget by 33% in four years is NOT conservative.**
- Norris’s website claims he “held a top-secret security clearance, . . . worked with the **FBI, CIA, and DOJ** . . . and trained in Israel with **Mossad**”. **Working with ultra-corrupt federal L.E. agencies and globalist espionage networks is NOT conservative.**
- Norris worked directly for the DHS funded **Joint Regional Intelligence Center** in LA. JRIC was created after 911 to enable the sharing of local L.E. data with Federal agencies and to develop Federally controlled, regional disaster plans. **Handing over L.E. data and disaster management to Federal Agencies is NOT conservative.**
- Norris has publicly endorsed openly left-wing, big government programs such as Fight Crime: Invest in Kids, intended to promote Federal interference in Early Childhood Education. **Shilling for Federally funded social services is NOT conservative.**
- When Norris served under Lee Baca, LASO granted Special Deputy Status to wealthy donors, leading to serious problems. Norris was directly involved with an LASO donor (Vovos), and as Sheriff he deputized Mattare. **Granting deputy status to major donors is NOT conservative.**
- **Norris’s biggest red flag is his close association with the Masonic Fraternal Order of Police.** Masonic-linked organizations promote favoritism, backroom deals, unfair advantages, political shenanigans, and the corruption of criminal justice.
- Norris denies he is a Freemason but he does not see a conflict between fraternal organizations and equal justice. **Masonic oaths, Fraternal favoritism, and 2-Tiered Justice is Not Conservative.**
